#### A FURTHER NOTE ON A WOOD

The piece shown immediately above, which was published in the July, 1980 edition of Timber Talk, has now been identified. This wood was mentioned as having shown up in an order of woods sent to one of our Western members but no information was known about it then.

This wooden wedding token was issued by Russell Brown, 7 Cartier Cres., Richmond Hill, Ontario, L4C 2M9. Russ issued the Pobro Enterprises wood listed here earlier in the year. This piece was issued for Russ & Judith Brown's daughter's wedding, and was held up at Customs for two months with the wrong address. Russ notes that anyone who wants one of these woods can trade with him for from one up to three pieces. Thanks also to member Tom King of Visalia, California, who also wrote to identify the wood.

The design on the front of the book shows the map of Great Britain, N. S., and the surrounding islands, enclosed in a black line. The reverse side of the book is printed in a similar style.

The book is a first edition, published by the British Library, London, in 1960. The book is a first edition, published by the British Library, London, in 1960.

#### A Few Words From The Editor:

The August edition of Timber Talk was quite late going in the mail, due to an unfortunate backlog of work at the printers, who required three weeks to get the bulletin printed and back to yours truly. Then the government clerks walked out in the Toronto area and began picketing the main mail-sorting stations. Hopefully, by the time this is being written, all members will have received the August issue.

With regard to two new issues published in the August Timber Talk, we have received additional information regarding availability. Clarence Kramer has advised that the flat he distributed at the C. N. A. Convention in Montreal is available to members at a cost of \$1.00 each plus a SASE. This is a generous gesture by Clarence for those members who did not attend the

The following six words were all suggested by your editor as a coin and story  
 one is already recorded. Four of the six words were issued for stamps, and  
 and the other two for Twenty Day, Ontario. They are broken down as follows:

Project: Delaney's Wooded Block Company -  
 2 W. 112 Delaney -

Below is shown, for your information, the availability of these words to the collector.  
 All are made of metal.

A Few Words from the Editor:

The present edition of Stamp Talk was written last winter in the north, and is  
 an unfortunate accident of fate that the printer, who reported three weeks to  
 me the material printed and sent to your office. Thus the government  
 officials who are in the Toronto area and have been working the main mail.  
 I have received the latest issue.

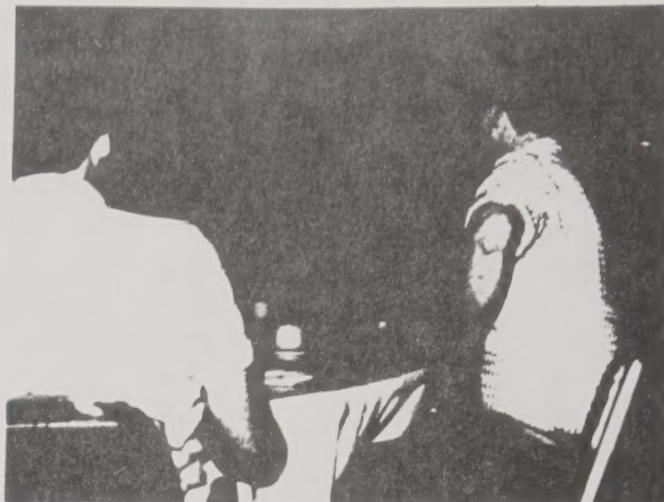

With regard to the new stamps published in the Stamp Talk, we have  
 received additional information regarding availability. I have been  
 told that the year is distributed as the O. & A. Convention is  
 Montreal is available to members at a cost of \$1.00 each plus a \$1.00  
 in a general feature by Ontario for these stamps and all for stamps etc.

C.N.A. Convention. Write to Clarence C. Kramer, Route 309, Drums, PA 18222, U. S. A.

Paul Johnson, P. O. Box 41, Station "O", Toronto, Ontario also writes to say that extras of his personal wood, of which one was sent out free to each member with last month's bulletin, are available from him at the above address for 35¢ each or 4 for \$1.00, no SASE required.

Unfortunately, most of the photos taken by your editor at the C.A.W.M.C. meeting in Montreal did not turn out very well, due to the repeated failure of his flashbulbs to flash. The finished batch of photos contained some nice black silhouettes but little with anything lighter than jet black visible. The one exception is shown at the right. It may be hard to tell on the printed bulletin, but that IS Clarence Kramer rising to speak in the background.
